Famous Grilled Sandwiches

Recipes are at their best when the ingredients are the best!

Isaac's Famous Grilled Sandwiches, a small regional restaurant chain in South Central Pennsylvania, has been pleasing customers with delicious, freshly-made sandwiches since 1983. Isaac's chefs know that to have the best food you need to use the best ingredients. That's why Isaac's only uses quality products like Kreider Farms when making their made-from-scratch soups daily.

"The key to making any recipe be its best is using only the best ingredients, like the products from Kreider Farms," says Bess Simmons, Isaac's Soup Recipe Chef. "Our famous Pepperjack Tomato Soup, seasonal Fresh-Cut Corn Chowder and all our cream soups would not be as delicious as they are without the creamy smooth taste of Kreider Farms' half & half and milk!"
