

THE COUNTRY CLUB AT
WOODLOCH
SPRINGS

The Country Club at Woodloch Springs,
with its nationally recognized golf course,
is part of an historic 'green' resort.

The Woodloch family of resorts
promotes environmental stewardship
by example, and works with local
businesses to protect natural resources.

In that spirit, Executive Chef Ryne
Spaulding emphasizes local, sustainable
ingredients to create his menu of fresh,
flavorful food selections.

"I appreciate that Kreider Farms shares our commitment to the environment. Their milk, cream and eggs are high-quality products. Also, like Woodloch, Kreider Farms is family owned and operated – and has been for generations."

Family owned and operated since 1935
